DETAILED ACTION

Election/Restrictions

1. The amendment filed March 2, 2005 obviates the restriction requirement, which is hereby withdrawn.

Specification

2. The disclosure is objected to because of the following informalities:

On page 12, line 2, "electronic" has been misspelled.

On page 13, line 2, "louver" has been misspelled.

On page 15, line 6, "the" has been misspelled.

On page 15, line 7, "the" has been misspelled.

On page 17, line 7, "the" has been misspelled.

On page 18, line 2, "retainer" has been misspelled.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 2-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis for "the construction." It is suggested that this phrase be changed to "the latch mechanism," in order to correspond to the preamble of claim 1.

Allowable Subject Matter

5. Claim 1 and 17-40 are allowed.
6. Claims 2-16 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
